EXECUTIVE SUMMARY

"Dedicated earth science researcher with extensive training in soil-water interactions, environmental toxicology, and geographic information system. Experienced in conducting longitudinal field assessments, spectrometric and chemical analysis, , and publishing peer-reviewed empirical studies. Committed to open science, ecological sustainability, and interdisciplinary collaboration."

ACADEMIC QUALIFICATIONS

University of Dhaka
May 2026 – Present
Master's of Science • Soil Science
Dhaka, Bangladesh
Evaluation: Not Yet Published

- Soil Dynamics and Management, Environmental Microbiology, Water Pollution and Water Treatment.

University of Dhaka
Jan 2022 – Apr 2026
Bachelor's of Science • Soil, Water and Environment
Dhaka, Bangladesh
Evaluation: 3.44

- Soil and Water Chemistry, GIS, Soil Physics, Plant Nutrition, Environmental Sustainability.

Govt. Tolaram College
Jul 2018 – Aug 2020
Higher Secondary Certificate • Science
Narayanganj, Bangladesh
Evaluation: 5.00

- STEM

Narayanganj High School and Collge
Jan 2016 – May 2018
Secondary School Certificate • Science
Narayanganj, Bangladesh
Evaluation: 5.00

- STEM

PUBLICATIONS & SCHOLARLY CONTRIBUTIONS

> **Chamon et al.** (2024). "***Heavy metals in dates (Phoenix dactylifera L.) collected from Medina and Dhaka Citymarkets, and assessment of human health risk***". Environmental Systems Research 13:27.
> DOI / Link: https://doi.org/10.1186/s40068-024-00354-7
> *The study investigated the levels of heavy metals in two date fruit varieties, Mariam and Dabash, from Bangladesh. It found concerning levels of cadmium (Cd) and nickel (Ni) exceeding maximum permissible limits, though average daily intake was not associated with immediate health risks.*

RESEARCH & PROFESSIONAL APPOINTMENTS

Instructor and Examiner
Sep 2020 – Jan 2022
Paragon Narayanganj
Narayanganj Bangladesh

- Taught higher secondary physics and mathematics.

ACADEMIC & TECHNICAL COMPETENCIES

Geospatial Analysis
ArcGIS, Google Earth Engine and QGIS

Programming , Physics and Statistical Analysis
Basic Python, R, SPSS and COMSOL

Environmental Chemical Analysis
Wet analysis of environmental Sample, Spectrophotometry and titrimetric quantification.

Document Handling
Office programs, LaTex, proof-reading and manuscript preparation.

CIVIC ENGAGEMENT & AWARDS

Research Podcast Host, Research and Analysis Institute (May 2025 — Sep 2026) — Hosted podcasts with researchers and scholars to present their research findings. Discussed higher education opportunities for Bangladeshi students globally.

Volunteer, Dhaleshwari River Protection Awareness (Jan 2025 — Jul 2025) — Assessed the current condition of the Dhaleshwari river and its surrounding environment along with local culture.

Organizing Secretary, 'Ananda', University of Dhaka (Dec 2024 — Nov 2025) — Helped and organized different events and activities for the district-level organization.

Student Ambassador, Nature Positive University (Nature Positive University, University of Oxford) — Worked as a student ambassador meeting individuals from different countries. Mutually shared work through modules arranged by the host organization.

REFEREES & ACADEMIC SUPERVISORS

Prof. Dr. Afrose Sutalana Chamon
Professor
Dept. of Soil, Water and Environment
Role: Supervisor and Mentor
Email: chamonafrose@du.ac.bd

Mohammad Enayet Hossain, PhD
Associate Professor
Dept. of Soil, Water and Environment
Role: Mentor
Email: enayetswe@du.ac.bd
